Dear District Attorney Price, Chief Assistant Bruce and Chief Assistant Roberts,

On behalf of the Alameda County Prosecutors' Association and Teamsters Local 856, as the sole bargaining representative for deputy and senior I and assistant I district attorneys in Alameda County, we request that the recent public filings in Alameda Superior Court Docket 23-CR-006812 be filed under seal or redacted to protect the home address of our former member and employee, Amilcar Ford.

Both the Probable Cause Declaration and Letter of Notice to Appear filed July 17, 2023, list Mr. Ford's home address. This information is confidential (see e.g. Gov. Code sec. 7928.300) and is recognized as such under our MOU. Any disclosure of the home address of a current or former deputy or senior/assistant district attorney raises serious concerns for that individual's personal safety. As such, we would expect such information to remain confidential regardless of whether it pertains to a current or former employee.

Given the publicity this case has already received, as well as the safety concerns that public dissemination of such information implicates, we request that this be done immediately.

Thank you for your immediate attention to this urgent matter.

Matthew J. Finnegan  
Teamsters Local 856
